

Charitable Contributions at a Glance – Effective May, 2011

“... We are responsible to the communities in which we live and work and to the world community as well...”

-Our Credo

We are committed to fulfilling Our Credo by promoting the well-being of our communities, both locally and nationally, primarily through the support of 501(c)(3) non-profit organizations.

From our headquarters located in Titusville and Raritan, NJ we administer a direct giving program that supports 501(c)(3) non-profit organizations in our local region (Mercer, Somerset, and Hunterdon Counties in New Jersey and Bucks County in Pennsylvania) in the following areas:

- Healthcare access and disease prevention
- Education
- Arts & Culture
- Environment
- Provision of basic needs to underserved
- Interventions for youth-at-risk

Outside of our headquarters area, our charitable giving is focused on supporting programs and services aimed at improving the quality of life for individuals and their families impacted by the following diseases:

- Alzheimer's
- Atrial Fibrillation and Stroke Prevention
- Bipolar
- Schizophrenia
- Thromboembolic Disease

We also support efforts surrounding the appropriate treatment of pain.

Initiatives assisting the underserved or addressing healthcare disparities are of particular interest to our organization.

Our guidelines discourage contributions for the following:

- Organizations that do not have a valid 501(c)(3) tax status
- Individuals
- Capital campaigns (building funds, etc.)
- Endowment funds
- Political organizations
- Sectarian or religious organizations that do not serve the general public on a non-denominational basis
- Loans
- Trips and tours
- Organizations whose missions/objectives do not meet our contributions guidelines
- International programs and services

In addition, our guidelines also discourage donations to organizations that have already received funds from another member of the Johnson & Johnson Family of Companies.
